

2023-2024 School Year: *There is no need to complete this form if you do not want behavioral health services for your child.*

Dear Parents & Caretakers,

We would like to take the opportunity to provide information regarding mental health services provided through the MESH (Mobile Expanded School Health) unit as part of the Wilkes County Health Department. There are no out of pocket costs to families. If your child has insurance, we request that information so we may bill services while all copays are covered by this program. If you desire your child to be seen for counseling in the school setting or remotely, please complete the back page/consent form and return it to your student's school.

Should you complete this consent and your child wishes not to receive services, we will not provide services but do make every effort to present our services in a helpful and supportive nature to the students referred.

We will be providing mental health services to address the following issues:

- Anger/aggressive behavior
- Depression
- Anxiety
- Disruptive behavior in the classroom
- Grief
- Family
- School performance (grades)
- Substance Abuse
- Other issues as they arise

Upon meeting with your child, should we feel that more intense services are needed, we may also refer services in our offices located in Wilkesboro, Elkin, Jefferson, Yadkinville, or Statesville. Should you feel that we could meet any needs of your students, please do not hesitate to reach out to us with any questions.

Respectfully,
